ABOUT ME

I am a recent Computer Engineering graduate who is passionate about creating innovative and impactful solutions using technology. I am always eager to learn new skills and tools. I enjoy collaborating with others and taking on challenges that require creativity and problem-solving. I am looking for opportunities to apply my knowledge and skills in real-world scenarios and contribute to the advancement of the field of computer engineering.

EDUCATION

TSSM's Bhivarabai Sawant College of Engineering and Research

Bachelor of Engineering (Computer) - 8.71   Dec 2020 - June 2024

Purandar Junior College

HSC - 70.15   June 2019 - June 2020

Purandar High school

SSC - 91.60   June 2017 - June 2018

SKILLS

- **Languages:** Python, HTML, CSS, JavaScript
- **Frameworks / Libraries:** Django, Angular
- **Databases:** MySQL
- **Tools:** Git, GitHub
- **Fundamentals:** OOP, DSA, DBMS, SQL, Blockchain, Data Analytics

WORK EXPERIENCE

PrepInsta Technologies Pvt. Ltd.

Data Analyst Intern   Dec 2023 - Feb 2024

- Collected, cleaned, and processed large datasets to extract actionable insights for ongoing projects.
- Automated web data scraping tasks using Python, improving data retrieval efficiency.
- Gained hands-on experience with real-world data problems and analytics tools in a fast-paced environment.

PROJECTS

E-Book Store Application ⬏   Jan 2025 - Mar 2025

- Built a full-stack web application using Angular and Django REST API with MongoDB, enabling users to browse, search, and order books.
- Integrated Firebase Authentication (Email / Google login) with secure token handling.
- Developed a dynamic admin dashboard for managing books, tracking orders, and viewing analytics.

ShareSphere - Document Sharing Application ⬏   July 2023 - June 2024

- Built a decentralised application using React, Solidity, and IPFS to allow users to securely upload files and manage access permissions through smart contracts.
- Integrated Pinata API for IPFS file uploads and MetaMask for wallet-based authentication and transaction signing.

TextUtils - Text Manipulation Application ⬏   Aug 2023 - Nov 2023

- Developed a versatile text-based utility to manipulate text in multiple ways.
- Implemented various text processing functions, including formatting, analysis, and transformation.

CERTIFICATE

Certification in Python Development (Core Python, Django, Data Science) 🔗
- by The Kiran Academy (04/2025)

Certification in Python 3.x 🔗
- by SkillUp—Simplilearn (10/2022)

Certification in OOP 🔗
- by Pune Institute of Computer Technology (10/2021)

HOBBIES AND INTERESTS

- Reading Books
- Watching Web Series
- Listening to Music

DECLARATION

I hereby declare that the details furnished above are true and correct to the best of my knowledge.
